# A WARM ADIRONDACK WELCOME TO SUMMER 2019

FROM EXECUTIVE DIRECTOR DAVID KAHN AND  
THE WHOLE TEAM AT ADKX

Summer is here, and ADKX's 2019 season offers you and your family a wide range of exciting and uniquely Adirondack activities. Join us for a variety of new indoor and outdoor experiences for all ages!

Our new ADKX rustic boathouse opens on July 1, offering you the rare opportunity to cruise the waters of Minnow Pond in an antique guideboat, skiff, or other Adirondack craft. And you can learn about the history of boating in the Adirondacks as you stroll the scenic woodland trail leading from the ADKX campus to our boathouse. If you want to practice your rowing skills before heading out to the pond, our guideboat rowing interactive is available in our gigantic *Life in the Adirondacks* exhibition, along with other fun hands-on activities.

**Set off a mine blast!**

**Break up a log jam!**

**MINNOW POND &  
ADKX BOATHOUSE**

Two new exhibitions are sure to spark delight. *Curious Creatures*, a special—and quirky—exhibition features a monkey riding a goat, a school room filled with studious bunnies, smoking rabbits, and other unexpected examples of taxidermy such as a water buffalo head and a python. All are ornaments from Adirondack camps past and present.

## CURIOS CREATURES

## PRIVATE VIEWS

*Private Views*, our other special exhibition for 2019, gives you the opportunity to see dozens of iconic Adirondack landscape paintings that are rarely if ever publicly exhibited.

*Rolling 'Round the 'Dacks* is our new signature event on Saturday, August 17, celebrating the many forms of transportation that have rolled through these mountains over the years.

**This newsletter is packed with things to see and do that will stoke your passion for—and understanding of—this unique region. We look forward to seeing you!**

### A SENSORY-INCLUSIVE ADKX

The Adirondack Park is synonymous with family vacations, and ADKX has long offered fun and engaging opportunities for young and old alike. This year, we are re-committing ourselves to ensuring that families are welcome here and have a wealth of experiences that are designed for our youngest visitors and their companions. ADKX is now certified as sensory-inclusive—the first cultural institution in upstate New York to receive such designation. Visitors this season can borrow sensory bags at no cost and have access to a designated space if they need a quiet, safe place to get away from the active museum campus. Families can also receive guidance on what areas of the museum may be difficult for visitors with sensory processing sensitivities.

#### DID YOU KNOW?

**Kids five and under are welcome admission—free all season long.**

# BARBARA GLASER

## 2019 HKH AWARD RECIPIENT

ADKX is pleased to announce that the recipient of the 2019 Harold K. Hochschild Award is Barbara Glaser. Barbara is well known to many throughout the Park, having served on the boards of important conservation and preservation organizations including the Adirondack Council, Adirondack Nature Conservancy, Adirondack Foundation, Adirondack Land Trust, and the Sagamore Institute.

She currently serves as President of the Nordlys Foundation, which supports conservation and education projects. She has been a vital force in preserving historical architecture in the Adirondack Park – first rescuing Great Camp Sagamore from demolition in 1975 and then doing the same for Camp Uncas. That these two historical sites remain intact today as National Historic Landmarks is a testament to Glaser's vision and dedication.

Many of Barbara's efforts have been concentrated in the Saratoga Springs area, where she has lived for decades. Her company Linell Lands has won awards for the adaptive reuse of old buildings, such as the old Saratoga

Springs' old School No. 4, which has been transformed into office and meeting space for a number of regional non-profits. She also was a founder of the Saratoga Springs Open Space Project (now Saratoga P.L.A.N.), an initiative to preserve land for agricultural and recreational use.

Barbara embodies the bumper-sticker wisdom of "think globally, act locally," as her projects often have ripple effects that extend far beyond the Blue Line. Her work in establishing hospice care services in the Saratoga region, for example, led to a much further-reaching initiative with the creation of the Foundation for Hospices in Sub-Saharan Africa.

The HKH award will be presented to Barbara at our 2019 Benefit Gala on Saturday, July 27. The theme of this year's gala is Northern Lights, which is both a nod to Barbara's shining presence in the Adirondacks as well as to her Nordlys Foundation (Norwegian for "northern lights"). We hope you will join us to celebrate her many contributions to the Adirondack Park. To purchase tickets by phone, please call Sara McNamara at 518.352.7311, extension 130.

### GALA FEATURE AUCTION ITEM

Watercolor and gouache

(sight) Signed and dated l.r. :  
"WESTON '34"

## GOING ONCE, GOING TWICE...

This year's annual Benefit Gala (Saturday, July 27) has gotten a kick start with a major contribution to the live auction—an original Harold Weston painting.

Harold Weston (1894–1972) is one of the most recognized Adirondack painters. A modernist, he used a distinctive bold color palette and texture to bring our region's mountains and valleys to life on canvas. This painting, like many of his other Adirondack works, depicts the Keene Valley area where he built a one-room cabin, which was his home and studio for much of his life.

This beautiful watercolor and gouache on paper, measuring 13.5"H by 9.5"W, is entitled *Lower Ausable Lake, St.*

*Huberts. Looking South at [Mt.] Colvin.* The painting comes in an archival frame and mat.

Whether you want this original Weston to grace your camp living room, an exotic trip, or a fine piece of rustic furniture, the Benefit Gala has it all. Not to mention a great dinner party under the stars with a truly wonderful group of like-minded ADKX lovers.
