

ANSWER KEY

TREE ID SCAVENGER HUNT

The adventure starts here! Learn about trees while experiencing the museum.

1. The map will guide you to marked trees around the campus.
2. The icon on the map will tell you where to look for each tree. When you arrive at the spot, look for the tree marked with a ribbon.
3. Use the pictures and information on the back of this sheet to help you identify each marked tree.
4. Each icon has a number in it. When you have identified the tree, write the number from the icon on the map in the icon of the correct tree information box on the back of this sheet.
